

WAIVER OF PRE-NOTE FOR DIRECT DEPOSIT

PrimePay requires all Direct Deposit clients to pre-note their first direct deposit payroll. The pre-note allows our direct deposit processor to check that all account information is valid, however when you pre-note, no money is sent via direct deposit.

We understand that under certain circumstances this may not be desired. PrimePay, and our direct deposit processor Intercept, will not be responsible for errors that would occur as a result of not pre-noting.

Therefore, I understand that _____ will be solely responsible for any returns or rejections resulting from inaccuracy of direct deposit information.

I further attest that the signature below is that of a signer with the authority to make such decisions.

Signature _____

Title _____

Printed Name _____

Date 06/16/2017
