

HUMAN CAPITAL MANAGEMENT

Made for Dental Support Organizations (DSOs)

Who is PrimePay?

PrimePay is a leading HCM technology and service provider of comprehensive people management solutions built for Mid-and-Enterprise businesses.

KEY CHALLENGES FOR DSOs

- Compliance with Industry Standards
- HR Management
- Payroll, Scheduling, and Time Tracking

The Solution for Dental Support Organizations

PrimePay is a comprehensive people management platform that streamlines workflows, automates administrative tasks, provides online employee training, and eliminates time-consuming manual processes, freeing dental professionals to focus on delivering high-quality patient care.

With built-in functionality that allows users to view position data separately from employee data, PrimePay gives DSO administrators the insights they need to optimize staffing, manage labor costs, and ensure compliance across multiple locations.

The Need for Dental Care is High

As demand for quality dental care continues to rise, DSOs are under growing pressure to secure skilled professionals capable of meeting patient needs efficiently. Failing to do so poses risks of staff burnout, reduced quality of care, and falling behind in an increasingly evolving industry.

Key Benefits

PrimePay empowers DSOs to maximize workforce flexibility, ensuring they can efficiently manage staffing across multiple practices, adapt to patient care demands, and remain resilient amid industry challenges.

AUTOMATION

Eliminate time-consuming manual tasks so your dental workforce can focus on delivering quality patient care, improving efficiency, and maintaining compliance with ease.

ENGAGEMENT

Support workforce upskilling and career advancement with on-demand training, enabling dental professionals to earn new certifications, advance into higher roles, and enhance patient care.

DATA ANALYTICS

Keep costs optimized based on a secure, centralized data system that offers customizable reports and dashboards for quick visualization of resource spend compared to revenue.

Delivering Best-in-Class Technology to Clients

OPERATIONS FOUNDATIONS

PAYROLL & TAX

Calculate payroll updates in real-time and retroactively to reduce errors.

HR MANAGEMENT

Automate manual HR activities and free up personnel to focus on strategic tasks.

TIME & ATTENDANCE

Control labor costs and minimize compliance risks with automated timecards.

BENEFITS ADMINISTRATION

Facilitate easy employee self-service for efficient and compliant benefits enrollment.

EMPLOYEE EXPERIENCE

TALENT ACQUISITION

Quickly and efficiently open, market, and fill critical positions with top talent.

PERFORMANCE MANAGEMENT

Enhance employee productivity and engagement for greater retention rates.

LEARNING & DEVELOPMENT

Cultivate a sustainable culture of continuous learning with on-demand skills training.

DATA ANALYTICS

ROBUST DATA

Securely house personnel, position, payroll, and benefits data in a single system.

AD HOC REPORTS

Access the actionable intelligence you need to make better business decisions.

CUSTOM DASHBOARD

Get instant, up-to-date snapshots of your people, operations, and KPIs anytime.

Connectivity and Data Security You Can Trust

PrimePay unites payroll and tax, human capital management (HCM), time and attendance, benefits administration, recruiting, talent acquisition, performance management, compensation, data analytics, and reporting in a single connected system. Aligning your IT and operational processes in this way increases data security and mitigates compliance risk. By providing technology that gives your employees easy and intuitive access to the information they need to be successful, you fortify your organization against disruption.

Streamline Processes for Greater Success

- ✓ Build resilience to change and disruption.
- ✓ Increase recruitment & retention of skilled dental professionals.
- ✓ Enable compliance with HIPAA, OSHA, and dental labor laws.
- ✓ Free up HR teams for more strategic work.
